clean with conscience®

BIOLOGICAL BATHROOM CLEANER

This gentle formula packs a serious punch, cutting through grease, soap residues, grime, and unpleasant odours, leaving your bathroom surfaces sparkling clean.

Developed using probiotic technology this biodegradable formulation works on all hard bathroom surfaces removing build-up, eliminating unpleasant odour, and keeping surfaces clean and hygienic for longer.

Our Biological Bathroom Cleaner is free from toxic ingredients and leaves no harmful residues. So you can be assured the only thing left behind is a clean and healthy environment for you to enjoy.

APPLICATION

For use on all hard, washable bathroom surfaces including sinks, toilets, baths, showers, windows, mirrors, floors and walls.

DIRECTIONS

Shake well before use. Apply to the area allowing a few minutes contact time. Rinse or wipe clean afterwards using a Clean Living Microfibre Cloth.

CARE

Wash hands after use. If contact is made with eyes, bathe with water. If ingested, rinse mouth with water. Do not induce vomiting. Seek medical advice if concerned.

Keep out of the reach of children.

FRAGRANCE

A warm, soothing and woody fragrance with top notes of jasmine, vanilla and iris with a moderate, sweet and resinous woody base.

INGREDIENTS

Alcohol ethoxylate, 1,2-benzisothiazolin-3-one, ammonium compounds, quaternary, Fragrance.

STORAGE

Store upright in a cool, dry place out of direct sunlight.

Eco-friendly

100% bio-degradable

Not tested on animals

Reduces waste plastic packaging

Penetrates deep into pores

Removes odorous bacteria

Protects surfaces

CLEAN LIVING

DRY CARPET CLEANER

Suitable for use on all carpet types, this product is one of the most advanced low moisture carpet cleaning powders on the market today.

Made from 100% biodegradable, natural and soft-sponge like fibres that have been moistened with natural eco-friendly cleaning ingredients to dissolve and remove dirt and grime from carpet fibres. Also available with brush. Clean Living Dry Carpet Cleaner has been developed to clean both synthetic and natural fibres including coir and sisal. It has passed the rigorous independent tests of the Woollsafe Board and carries the 'suitable for use on wool' endorsement.

This unique dry carpet cleaning compound changes colour as it dissolves and absorbs soiling from the carpet fibres, trapping the dirt until it is vacuumed away.

APPLICATION

Remove any solid spillage from the carpet. Blot any liquid spillage. Apply the dry carpet cleaner directly to the carpet.

DIRECTIONS

Apply the Dry Carpet Cleaner directly to the carpet pile by shaking the required amount onto it from the sachet. Using your brush, gently work into the carpet in circular motions. Leave to dry completely allowing the product to absorb the dirt. Then vacuum away the loose sponges left behind.

CARE

People with sensitive skin are advised to wear gloves when using any cleaning product. Wash hands after use. If contact is made with eyes, remove any contact lenses if present, rinse well with water. Seek medical advice should any irritation persist.

Keep out of the reach of children.

FRAGRANCE

An uncomplicated fragrance of fresh linen with undertones of delicate, clean sea breeze.

INGREDIENTS

Sodium Lauryl Ether Sulphate, Fragrance. This product is free from solvents, phosphates, and optical brighteners.

STORAGE

Keep pack sealed after use to prevent the powder from drying out.

Eco-friendly

BIOLOGICAL DRAIN MAINTAINER

A unique and natural drain maintainer designed to help keep drains clear and keep bad odours at bay.

A unique and concentrated blend of live cultures, scientifically developed to promote the rapid breakdown and digestion of organic waste.

This drain maintainer possesses the unique ability to degrade and convert a wide range of fats and grease to carbon dioxide and water. This safe and non-toxic formulation is non-fuming and there is no risk of damage to pipework, sealants, or surrounds.

APPLICATION

For use on drains in kitchens, bathroom basins, showers, or baths. Can also be safely used in empty dishwashers or washing machines.

DIRECTIONS

Pour the contents directly into the drain of kitchen or bathroom sinks, showers or baths and leave to do the hard work, preferably overnight. No flushing required. When using in dishwasher or washing machine ensure they are empty. Pour Biological Drain Maintainer in machine and leave overnight before turning on the empty machine for one cycle.

CARE

People with sensitive skin are advised to wear gloves when using any cleaning product. Wash hands after use. If contact is made with eyes, remove any contact lenses if present, rinse eyes well with water. Seek medical advice should any irritation persist.

Keep out of the reach of children.

FRAGRANCE

A clean, crisp and lively blossoming lemon fragrance with fresh hints of lime and lemon leaves.

BIOLOGICAL ODOUR AND SPOT REMOVER

Clean Living Biological Odour and Spot Remover is ideal to use on most carpets, rugs, and upholstery. It contains naturally occurring microbes which attack the organic spots and odour. Naturally powered, this product is solvent & phosphate free and safe to use on pet's bedding.

Clean Living Biological Odour and Spot Remover is a modern approach to odour removal. It is designed to attack and eliminate odours and their offending causes naturally.

This product is unsuitable for use on cotton velvet upholstery or material which is unsuitable for wet cleaning.

APPLICATION

Clean Living Biological Odour and Spot Remover can be used on most surfaces and fabrics and is effective in removing all odours left by pets including urine, vomit, faeces, and hairballs.

DIRECTIONS

Shake well before use. Spot removal: Spray onto spot and leave for a few minutes. Gently blot with Clean Living Microfibre Cloth and wipe from the outside inwards. Never rub aggressively. Repeat if necessary. Odour removal: Spray onto the contaminated surface and leave. No rinsing needed. Repeat if necessary. Note: unsuitable for use on velvet upholstery or any material that is unsuitable for wet cleaning.

CARE

Wash hands after use. If contact is made with eyes, bathe with water. If ingested, rinse mouth with water. Do not induce vomiting. Seek medical advice if concerned.

Keep out of the reach of children.

LIMESCALE REMOVER

A 100% natural, plant based and non-toxic solution, that effortlessly removes limescale build up to keep surfaces clean and clear of scale. A highly effective product that will completely remove limescale on a variety of surface including taps, tiles, sinks, shower screens, kettles and pipework. A superior, environmentally responsible, and safe alternative to harsh chemicals and acid-based products.

APPLICATION

For use on kitchen and bathroom surfaces where limescale is present including showers, glass, sinks, taps and draining boards.

DIRECTIONS

Apply directly on to the surface and do not leave on for more than 2 minutes at a time. If scale is stubborn then repeat the process. Do not use on natural stone surfaces such as marble and limestone. Care needs to be taken when using on old or damaged surface areas.

CARE

People with sensitive skin are advised to wear gloves. Wash hands after use. If contact is made with eyes, remove any contact lenses and bathe with water. Seek medical advice should irritation persist. If ingested, rinse mouth with water. Do not induce vomiting. Seek medical advice if concerned. Wipe away any concentrate that spills on surfaces immediately using a cloth.
